Presma® Eagle Series Precision Rifle Scopes

The Presma® Eagle Riflescope is a versatile, variable powered riflescope equipped with tri-color electronic illuminated reticles. The easy to access and clickable color/brightness buttons are designated on a 45 degree of surface on the rear of scope.

Selectable 11 brightness adjustment control lets the user adapt to different terrains and temperatures. Automated shut down power to conserve battery's life and memorize the last reticle color and brightness position when the power is on.

Mounted level bubble on the rear of tube provides tool of stability level. And comes with a bonus sunshade to block unwanted lights allowing user to see target with more clear result.

Presma Eagle series riflescopes are CNC machined from one piece of 6061-T6 aluminum and hard anodized against corrosion with a black matte finish; Sealed O-ring and Argon filled for waterproof, fogproof and shock proof performance.

This compact design makes easy maneuvering possible in real hunting and shooting activities.

Featuring a high quality fully multi-coated lens, Presma Eagle series Riflescope forms clear, bright and sharp sight image edge to edge.

Presma® Eagle Series Precision Rifle Scopes

Presma® Eagle Series 6-24X50 Precision Scope AO, RGB RXR Reticle

PREA031

- One piece scope ring mount with quick release bottom.
- 11 levels of Red, Green, Blue illuminated reticle.
- Illumination adjustment memorizes last level of selection.
- RXR estimate reticle.
- Integrated level bubble.
- Superior quality precision lens elements.
- Aluminum 6061-T6 tube with scratch resistant hard-coat anodized black matte finish.
- Built on strong cardan joint platform to fulfill the most demanding outdoor requirement.
- Fully multicoated lenses & ultra wide band coating with advantage solution for maximum light transmission.
- Completely sealed and Argon filled.
- 100% shockproof, Fog-proofed; water-proofed.
- Flip open lens covers.
- 3" sunshade included.
- Lifetime limited warranty (Electrical components covered one year).

Presma® Hawk 6 Series Precision Rifle Scopes

Presma® Hawk 6 Series 6-36X56 Precision Scope, RGB RXR Glass Reticle

PRHA6051

- Clear and Sharp Image formation. Edge to edge image clarity
- Emerald coated lens, fully multi-coated, for the most excellent light transmission
- Side wheel turret parallax adjustment with range from 15 yards to infinity
- One piece 35 mm tube body with Cardan joint design constructed in premium aircraft class aluminum, hard anodized and matte finish for durability
- Red, Green, Blue tri-color reticle illumination button on unique 45 degree tube surface with last active color memory function. Automated power off to conserve battery's life
- Ocular Lens equipped with bubble level to align mounting scope and aiming level with unique 45 degree tube surface design that won't interfere with ocular lens viewing.
- QTA (Quick Tactical Adjustment) system applied in windage and elevation adjustment
- Pin Tumbler coil spring System design provides better shock absorbability and resistance

- Each direction adjust to 20 MOA
- RXR reticle has two functions: Quick Targeting Round X circle and range estimation
- Shockproof, waterproof and fogproof; 100% Argon filled and sealed with O-Ring
- Piano keyboard shape engraved grooves on all turrets and wheels' circumference makes it easy to adjust even when wearing gloves
- 56mm Objective Lens for ample light transmission
- Lifetime limited warranty (Electrical components covered one year).

Presma® Red / Green Dot Scopes

Presma® Red Hawk Series Compact Reflex Dot Scope

PRRH011

- 3.5 MOA dot diameter.
- 11 Levels of Green/ Red Dot density adjustment
- Density control is designated on easy and viewable 45 degree angle surface.
- Automatically returning to last dot density when power on.
- Access dot density adjustment button on the rear of Scope
- Emerald Multi-Coated Lens
- One-piece body CNC machined from 6061-T6 aluminum
- Low profile integrated picatinny ring mount
- Lightweight, Compact and Easy to Use Design
- O-ring sealed and Argon filled for waterproof, fogproof and shock proof performance.

Presma Red Hawk delivers a durable, lightweight, compact and easy to use design. Just Point and Shoot, it's that simple, fast and accurate.

Green and Red dot clickable button brightness controls is designed on 45 degree angle surface for quick access and easy to find.

Each color has 11 levels of density and automatically returns to last dot density when power is turned on.

The 3.5 MOA Red/Green dot diameter provides precise target of aim. The O-ring sealed and Argon filled one-piece body machined from 6061-T6 aluminum is waterproof, fogproof and shock proof performance. Low profile integrated picatinny ring mount offers quick mounting on AR's and shotguns.

Presma® Jackal Series Super Slim Free Float Handguards

Replacing the standard AR-15 handguard with a Presma® Jackal Series Mount free float quad rail enhances the tactical look for your firearm and provides an instant rock-solid platform for accessories.

Free float quad rails also offer other benefits too such as improved shooting accuracy. Since any pressure on the barrel by a grip or bipod will have an effect on shooting accuracy, which is amplified over longer distances, but our free float quad rail does not touch the barrel at all. No matter how much force you put on the bipod or grip, it will have zero effect on the barrel.

- Attaches directly to the upper receiver via a barrel nut (included)
- Fits: 223 / 5.56, AR15 / M14
- Lightweight Free Floating Barrel Design
- Full Length Uninterrupted Mil-Spec 1913 Picatinny rails on top
- Keymod accessory hole system on both sides and bottom
- Aircraft Grade Aluminum with Matte Fully finish and Anodized Hard Coat done in the USA
- Each Handguard includes 1 steel barrel nut and Teflon coated screws

Presma® Jackal Series Super Slim Free Float Handguards

New All-Around Keymod Accessory System

This Jackal Series Handguard features an optimized one-piece, free float structure. This design demonstrates the ergonomic and durability; that users demand while maintaining the lightweight nature they can expect from Presma.

The Jackal Handguard's lean and user-friendly design allows operators to maintain better control of the firearm. The top, uninterrupted and versatile picatinny rail provides the user an adequate amount of space for sights and accessories. This new rail also includes full all-around integrated Keymod holes for Multiple Keymod rail attachments.

Now available in 16.5 inch lengths.

- Attaches directly to the upper receiver via a barrel nut (included)
- Fits: 223 / 5.56, AR15 / M14
- Lightweight Free Floating Barrel Design
- Full Length Uninterrupted Mil-Spec 1913 Picatinny rails on top
- Keymod accessory hole system on all sides
- Aircraft Grade Aluminum with Matte Fully finish and Anodized Hard Coat done in the USA
- Each Handguard includes 1 steel barrel nut and Teflon coated screws

- 47" Double Rifle Case is constructed of heavy duty PVC material, and protects up to 2 46" or short rifles.
- The dimensions, 47"x12"x3.5"(expansion included)
- The primary compartment will accommodate 2 rifles 47 inches in overall length with a thick padded center divider and 4 insert pocket and loop straps to properly secure each rifle.
- The secondary compartment 26"x 11" is loaded with pockets out side to store extras such as handguns, optics, cleaning supplies, log books, etc.
- The three exterior pockets are perfect for keeping your magazines and ammo organized.
- Extra PALS looping on each end allows you to customize your case for your specific needs.
- Two adjustable shoulder straps with an adjustable sternum strap allow you to carry the rifle case like a backpack.
- All pockets feature Heavy Duty zippers with pull cords for fast and easy access.
- Other features include wrap around carry handle straps and top and bottom compression straps.

This double rifle case is a great rifle case for any tactical or practical purpose.

This case allows you to carry two rifles with accessories such as scopes, sights, extended clips, fore grips and bipods with additional pockets to store your extra magazines and other equipment.

The Modular design of this case features a carry handle and back pack shoulder straps you can carry the load evenly across your back to keep your hands free. Lots of padding, pockets, and straps to secure your gear. Heavy double-zipper body features for locks to be applied for transport and the thick material ensures long lasting durability.

- Grip Side Rail for Remote, Laser Control Panel Insertion
- Storage Compartment
- Height: 5.4", Weight: 5.6oz

Flashlight and Laser Sight Grips can be found on page 45

Aluminum Tactical Foregrip With "O" Ring sealed Storage

GP16

- Constructed from Aircraft Grade Aluminum
- Comfort Grip Holding System
- Storage Compartment
- End cap with "O" ring for seal
- Height: 5"

AK47/74 Grip

GPAK

- Black Polymer
- Comfortable grip with textured handle.
- Height 4.41", Weight 3.7oz

Tactical Foregrip With Storage Compartment, Green

GP04-G

- Military Spec Reinforced Green Polymer Composite with Matte Finish
- Grip Side Rail for Remote, Laser Control Panel Insertion
- Storage Compartment
- Height: 5.4", Weight: 5.6oz

Sniper® AR15 BiPods

Tactical Precision Bipod with Foldable and Spring Loaded Legs

BP07

- Adapter for AR-15 Handguard Sling Stud, Picatinny Rail Sling Stud
- Strong and Lightweight Aluminum Construction
- Spring-loaded, Folding Legs with Rubberized Feet
- Posi-Lock Wheel on legs with Quick Retraction Button
- Height: 5.5" - 8", Weight: 11.1oz

Tactical Precision Bipod with Foldable and Spring Loaded Legs

BP08

- Adapter for AR-15 Handguard Sling Stud, Picatinny Rail Sling Stud
- Strong and Lightweight Aluminum Construction
- Spring-loaded, Folding Legs with Rubberized Feet
- Posi-Lock Wheel on legs with Quick Retraction Button
- Height: 7" - 11", Weight: 15oz

Tactical Low Profile Folding Bipod

BP01

- Aircraft Aluminum Construction
- Weaver/Picatinny Mounting Base
- Rubberized Comfort Stand
- Height: 4.9" (Center of Rail to Ground)
- Weight: 7.4oz

Tactical Folding Bipod with Extendable Legs

BP03

- High Tech Durable Aluminum Construction
- Can be Used in Clever Picatinny and Swivel Stud Mounting Systems
- Unique Posi-lock to Prevent Tipping and Rubberized Feet
- Panning with Fully Adjustable Center Height from 7" to 8.25", Weight: 8.2oz

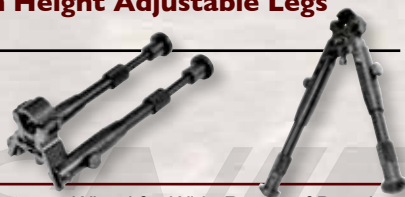

Dragon Claw Clamp-on Bipod SWAT/Combat Profile

BP02

Dragon Claw Clamp-on Bipod with Height Adjustable Legs

BP04

- Adjustment Wheel for Wide Range of Barrel Sizes from .43" to 0.75", Weight: 9.2oz
- Spring Operated Clamp-on Feature
- Adjustable Center Height 8.5" to 9.5"
- Panning Posi-lock Extendable Legs, Foldable Legs Swivel Stud/Picatinny Mount and Rubberized Feet
- Aluminum Construction

Dragon Claw Clamp-on Bipod with Height Adjustable Legs

BP06

- Adjustment Wheel for Wide Range of Barrel Sizes from .43" to 0.75", Weight: 10.2oz
- Spring Operated Clamp-on Feature
- Adjustable Center Height 9 to 11"
- Panning Posi-lock Extendable Legs, Foldable Legs, Swivel Stud/Picatinny Mount and Rubberized Feet
- Aluminum Construction

Modular Adjustable Picatinny/Weaver Precision Bipod Legs

BP09

- 2 Piece Detachable and Foldable Bipod Legs
- Heavy duty with Lightweight Aluminum Construction
- Rubberized feet
- Adjustable Height of 8"-10", Weight: 2.7oz ea

- Adjustment Wheel for Wide Range of Barrel Sizes from .43" to 0.75", Weight: 8oz
- Spring Operated Clamp-on Feature
- Tactical Low Profile Fixed Height
- High Tech Durable Aluminum Construction
- Unique Posi-lock to Prevent Tipping and Rubberized Feet

Sniper® Scope Rings

Medium Profile 1" Scope Rings for Dovetail System

AG-25M2

- 2 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- 14mm Saddle Height up to 52mm outer bell.

Medium Profile 1" Scope Rings for Dovetail System

AG-25M4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- 14mm Saddle Height up to 52mm outer bell.

High Profile 1" Scope Rings for Dovetail System

AG-25H4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish

Medium Profile 30mm Scope Rings for Dovetail System

AG-30M4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish

High Profile 30mm Scope Rings for Dovetail System

AG-30H4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- 21mm Saddle Height up to 70mm outer bell.

Low Profile 1" Scope Rings for Picatinny System

PT-25L2

- 2 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- 10mm Saddle Height up to 45mm outer bell.

Medium Profile 1" Scope Rings for Picatinny System

PT-25M4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- 14mm Saddle Height up to 53mm outer bell.

High Profile 1" Scope Rings for Picatinny System

PT-25H4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring

Low Profile 30mm Scope Rings for Picatinny System

PT-30L4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- 14mm Saddle Height up to 58mm outer bell.

Medium Profile 30mm Scope Rings for Picatinny System

PT-30M4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring

High Profile 30mm Scope Rings for Picatinny System

PT-30H4

- 4 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- 22mm Saddle Height up to 72mm outer bell.

Presma Wing Series Scope
Rings, pages 23-24

Sniper® Scope Rings

1" Scope Ring Cantilever Integral Mount for Picatinny System

PT-25EX614

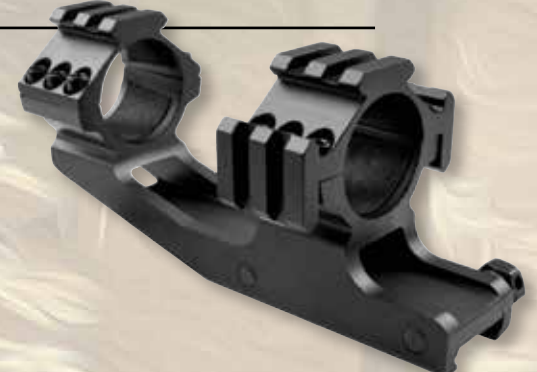

- 3 fasten screws per Ring
- Adds 8 more Picatinny Slots for mounting flashlights, laser sights and other accessories
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- Additional Picatinny Rails

30mm Scope Ring Cantilever Integral Mount for Picatinny System

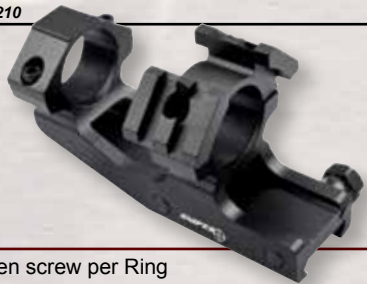

PT-30EX614

- 3 fasten screws per Ring
- Adds 8 more Picatinny Slots for mounting flashlights, laser sights and other accessories
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- Additional Picatinny Rails

1" Scope Ring Cantilever Integral Mount for Picatinny System

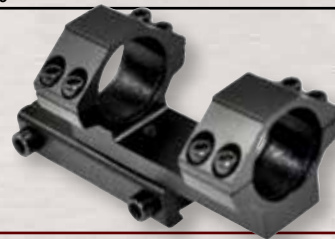

PT-25EX210

- 1 fasten screw per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring and adds 4 Picatinny Slots

1" Scope Ring Cantilever Integral Mount for Dovetail System

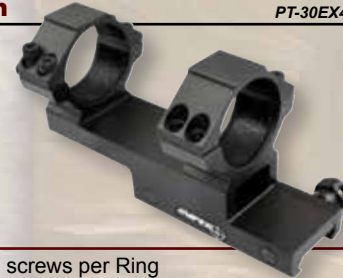

AG-25EX38

- 2 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish

30mm Scope Ring Cantilever Integral Mount for Picatinny System

PT-30EX43

- 2 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring

35mm Scope Ring Cantilever Integral Mount for Picatinny System

PT-35EX614

- 3 fasten screws per Ring
- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring

30mm Dia Cantilever Scope Ring Mount for Picatinny Systems

PT-30OF02

- Aircraft-grade aluminum alloy
- Anodized black matte finish
- See-thru Ring
- 1-1/4" Height

1" Scope Ring with Side Offset

PT-25OF01

- Aircraft-grade aluminum alloy
- Anodized black matte finish

Cantilever Scope Ring

MLC30

- Aircraft-grade aluminum alloy
- Designed for flat top AR
- Lifetime warranty
- Cantilever scope Ring

30mm Dia Scope Body Adapter with Picatinny Rail

MBRSR

- Aircraft-grade aluminum alloy
- Anodized black matte finish
- Fits onto 30mm scope body
- Adds additional 5 Picatinny slots

Sniper® Iron Sights

AR15 Standard Size Carry Handle with Flat Top Mount Area and Rear Sight

MCH15

- A2-style rear sight with precise windage/elevation adjustment
- Black
- Precision Machined Aluminum
- No Gunsmithing Required
- Quick and Easy Installation

Picatinny Rail for AR15 Carry Handle Top aMount

MCHTM

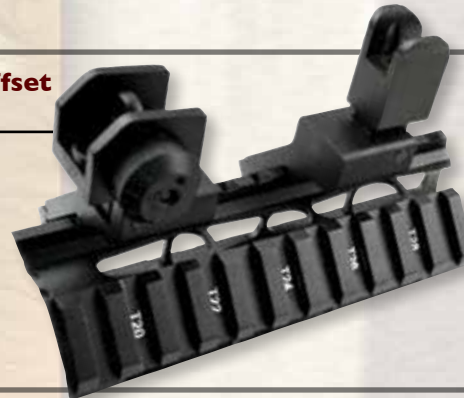

- See-thru under rail so doesn't interfere with view of iron sights
- Adds 12 Picatinny slots
- Easy thumb screw attachment
- Length: 5.18"

Rapid Transition AR-15 Flip Up Sight Set, 45 Degree Offset

MAFRS

- Black
- Machined from Lightweight, Extremely Durable 7075 Grade Aluminum
- Military Spec Hard Anodized
- 1/2 MOA Elevation and Windage Adjustment
- Mounting Base Length Front: 0.95". Rear: 0.95"
- Width Front: 2.11". Rear: 2.14"mm
- Weight 3.8oz

Sights with additional laser sight can be found on page 45

Tactical Flip Up Front Sights

MFLFS01 - High Profile

MFLFS02 - Low Profile

- Black
- Precision Machined Aluminum
- Complete with A2 Square Post Assembly with Locking Retention
- Thumb Nuts with Locking Retention for Maintaining Zero

Tactical Flip Up High Profile Rear Sight with Dual Aiming Aperture

MFLRS01

- Black
- Precision Machined Aluminum
- Precision Windage and Elevation Adjustments
- Thumb Nuts with Locking Retention for Maintaining Zero

Front Iron Sights

MDTFS01 - High Profile

MDTFS02 - Low Profile

- Black
- Complete with Adjustable A2 Square Post Assembly
- Precision Elevation Adjustments
- MDTFS01 Mounting Base Length 1.38", Saddle Height 1.66", Weight 2.7oz.

Complete Rear Sight

MDTRS02

- Black Matte
- Rugged Aluminum/Steel Construction
- Precision Mil Spec MOA Windage and Elevation Adjustments
- Spring Loaded Detent
- Dual Aiming Apertures
- Length: 2.8inch. Width: 1.8inch. Height: 1.9inch.

Sniper® Flip Up, Push Down Polymer Sights

Tactical Smart Polymer Front And Rear Flip Up, Push Down Sight Set

MFLRS02

- Black Polymer
- Complete with A2 Square Post Assembly, Locking Retention
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable
- 1" Height

Tactical Smart Polymer Front And Rear Flip Up, Push Down Sight Set

MFLRS04 - Set

- Black Polymer
- Front sight comes with Complete with A2 Square Post Assembly with Locking Retention
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable
- 1" Height

MFLRS05 - Rear only

Tactical Smart Polymer Front And Rear Flip Up Sight Set

MFLRS02-G

- Green Polymer
- Complete with A2 Square Post Assembly with Locking Retention
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Front And Rear Flip Up Sight Set

MFLRS02-T

- Tan Polymer
- Complete with A2 Square Post Assembly with Locking Retention
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Front Flip Up Sight

MFLFS03

- Black Polymer
- Complete with A2 Square Post Assembly with Locking Retention
- Precision Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Front Flip Up Sight

MFLFS03-G

- Green Polymer
- Complete with A2 Square Post Assembly with Locking Retention
- Precision Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Front Flip Up Sight

MFLFS03-T

- Tan Polymer
- Complete with A2 Square Post Assembly with Locking Retention
- Precision Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Rear Flip Up Sight

MFLRS03

- Black Polymer
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Rear Flip Up Sight

MFLRS03-G

- Green Polymer
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable, 1" Height

Tactical Smart Polymer Rear Flip Up Sight

MFLRS03-T

- Tan Polymer
- Precision Windage and Elevation Adjustments
- Clever and Robust Flip-up Posi-lock Design to Guarantee Zero
- Dual Aiming Apertures
- Lightweight and Durable, 1" Height

Sniper® Laser Sights and Flashlights

Compact Tactical Adjustable Red Laser Sight

LSR01

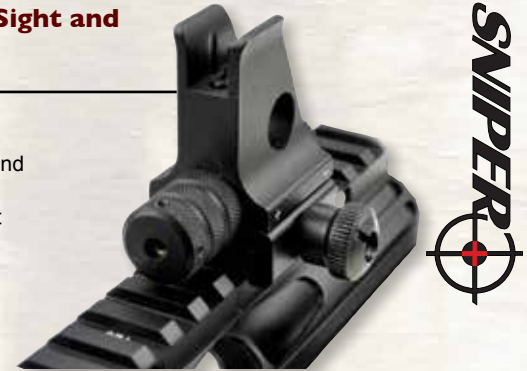

- Less Than 5mw
- Compact (2.2"Lx.56"W)
- Lightweight (less than 1 ounce including batteries)
- Constructed of High Quality Aircraft Grade Aluminum
- Pressure Switch and Batteries Included

High Profile Removable Front Sight and Red Laser Combo

MHFSR

- Combat Quality
- Complete with A2 Square Post Assembly
- Double Coil Springs for Precise Windage and Elevation Adjustment
- Laser Built on Cardan Joint Platform/Smart Spherical Structure
- Pressure Switch and Batteries Included

Low Profile Removable Front Sight and Red Laser Combo

MLFSR

- Combat Quality
- Complete with A2 Square Post Assembly
- Double Coil Springs for Precise Windage and Elevation Adjustment
- Laser Built on Cardan Joint Platform/Smart Spherical Structure
- Pressure Switch and Batteries Included

Tactical Flashlight with Rail Mount

FL02

- CREE LED bulb Q5. Ultra-high 260 lumen output
- Combat tactical front head
- Pushbutton momentary switch and twist-on permanent switch
- Intelligent high/low/strobe mode cycling

Tactical LED Flashlight and Red Laser Sight Combo

FLRL02

- Compact 200 lumens Cree LED Flashlight
- 3 Modes of Operation: Flashlight, Laser, Flashlight + Laser
- Laser Power Lower than 5mw
- Mounts directly to Picatinny rails
- Intelligent high/low/strobe mode cycling

Aluminum Fore Grip with Integral Flashlight

GPFL01

- 260 Lumens Flashlight with Cree Q5 LED
- Knurled Surface Holding System for Non-Slip Grip
- With O Ring sealed, waterproof
- Intelligent high/low/strobe mode cycling
- Height 5-1/2"

Aluminum Fore Grip with Flashlight and Red Laser Sight

GPRL01

- 260 lumens Flashlight with Cree Q5 LED
- Red Laser Less than 5mw
- Knurled Surface Holding System for Non-Slip Grip
- With O Ring sealed, waterproof
- Intelligent high/low/strobe mode cycling
- Height 5-1/2"

Aluminum Fore Grip with Flashlight and Green Laser Sight

GPGL01

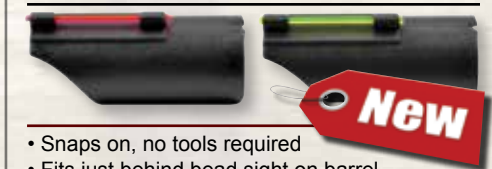

- 260 lumens Flashlight with Cree Q5 LED
- Green Laser Less than 5mw
- Works in temperatures down to 14F
- Knurled Surface Holding System for Non-Slip Grip
- With O Ring sealed, waterproof
- Intelligent high/low/strobe mode cycling
- Height 5-1/2"

Sniper® Snap-on Fiber Optic Front Sight Kit for 12 / 20 Gauge Shotguns

MBFRS - Red

MBFGS - Green

- Snaps on, no tools required
- Fits just behind bead sight on barrel.
- Excellent addition to any 12 or 20 gauge shotgun
- Easy to see in daylight and low light conditions
- Improves your shooting
- Does not work with ventilated barrels
- Measures: 0.7" x 0.87" x 2.1", Weights: 0.2oz

Sniper® Bore Laser Sights

.223 Red Laser Bore Sight

BSRL223

- Red Laser boresighter for .223
- Precise machined
- Batteries included

30/30 Winchester Red Laser Bore Sight

BSRL3030

- Red Laser boresighter for 30/30 Winchester
- Precise machined
- Batteries included

.223 and Archery Red Laser Bore Sight

BSL223

- Red Laser boresighter for .223 with threaded end for attaching to arrow shaft for Archery
- Precise machined
- Batteries included

.224/308 7mm-08 Red Laser Bore Sight

BSRL243

- Red Laser boresighter for .224/308/7mm-08
- Precise machined
- Batteries included

7mm Remington Mag Red Laser Bore Sight

BSRL7

- Red Laser boresighter for 7mm Rem Mag
- Precise machined
- Batteries included

7.62x39mm Red Laser Bore Sight

BSRL76239

- Red Laser boresighter for 7.62X39mm
- Precise machined
- Batteries included

7.62x54Rmm Red Laser Bore Sight

BSRL76254

- Red Laser boresighter for 7.62x54 R
- Precise machined
- Batteries included

8mm Red Laser Bore Sight

BSRL8

- Red Laser boresighter for 8mm
- Precise machined
- Batteries included

9mm Red Laser Bore Sight

BSRL9

- Red Laser boresighter for 9mm
- Precise machined
- Batteries included

12 Gauge Shotgun Red Laser Bore Sight

BSRL12GA

- Red Laser boresighter for 12 Gauge Shotguns
- Precise machined
- Batteries included

Sniper® Accessories

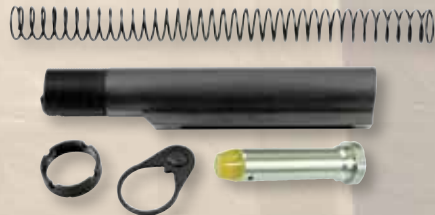

AR-15 6 Position Aluminum Buffer Tube Kit, Comm Spec

AS5P01

- Precision Machined from Premium Aircraft Grade Aluminum
- Matte Black Anodizing with Type III Class II Hard Coat
- Tightest Tolerance Control for Zero-Gap
- Kit includes 3oz Aluminum Buffer, 6 Position Buffer Tube, Castle Nut, Spring and End Plate.

AR-15 6 Position Aluminum Buffer Tube Kit, Mil Spec

AS5P02

- Precision Machined from Premium Aircraft Grade Aluminum
- Matte Black Anodizing with Type III Class II Hard Coat
- Tightest Tolerance Control for Zero-Gap
- Kit includes 3oz Aluminum Buffer, 6 Position Buffer Tube, Castle Nut, Spring and End Plate

AR-15 6 Position Buffer Tube, Comm Spec

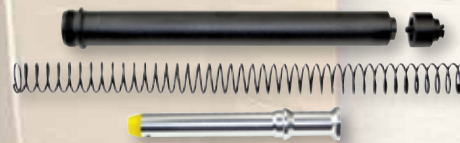

ASBT01

- Black
- Anodized Aircraft Aluminum Construction
- 7 1/8" Length
- 6 position adjustable

A2 Buffer Tube Assembly Kit for A2 or .308

AS5P04

- A2 Buffer Tube Assembly kit is for mounting a M16A2 fixed buttstock
- Includes receiver extension tube, recoil buffer, buffer spring, buttstock spacer, & buttstock screw.

AR-15 6 Position Buffer Tube, Mil Spec

ASBT04

- Black
- Anodized Aircraft Aluminum Construction
- 7 1/8" Length
- 6 position adjustable

AR-15 Stock Buffer, Mil Spec

ASBF02

- Precision Machined from Premium Aircraft Grade Aluminum
- 3.0oz

A2 Buffer for A2 or .308

ASBF06

- A2 Buffer for M16A2 fixed buttstock

AR-15 Buffer Tube with Foam Wrap, Comm Spec

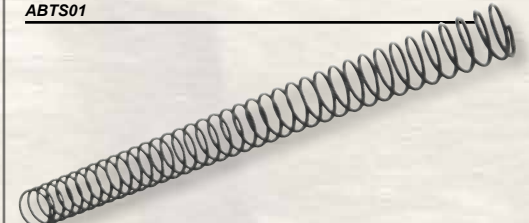

ASBT05

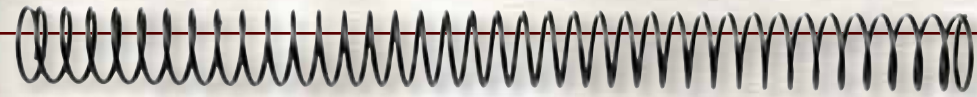

- Black
- Anodized Aircraft Aluminum Construction
- Foam Included
- 7.7" Length
- Helps slow the rearward portion of the bolt-cycle & ensure complete closing of the firing action

AR Tuned Buffer Spring

ABTS01

- Made from quality steel
- Strong and Durable
- Length: 10.7", Diam: 7/8", Weight: 1.7 oz

Sniper® Accessories

AR .223/5.56/.308 Buffer Tube Receiver End Plate

ABTA01

- High Quality Steel Construction

AR .223/5.56/.308 Buffer Tube Receiver End Plate

ABTA02

- High Quality Steel Construction

AR .223/5.56/.308 Buffer Tube Receiver End Plate

ABTA03

- High Quality Steel Construction

Heavy Duty Push Button QD Sling Swivel

AQDSL01

- Precision Machined from Premium Aircraft Grade Aluminum
- Matte Black Anodizing with Type III Class II Hard Coat
- 1.25"

Push Button Sling Swivel for Picatinny Rail

AQDSL05

- Aluminum alloy and steel
- Easy to attach anywhere on Picatinny rail system or handguard
- Very sturdy with a quick detach button

AR-15/ M16 Receiver Extension Castle Nut, Comm Spec

ABNT01

- Precision machined from Chrome Steel.

AR-15/ M16 Receiver Extension Castle Nut, Mil Spec

ABNT02

- Precision machined from Chrome Steel.

AR .223/5.56/.308 Buffer Tube Receiver End Plate

ABTA04

- High duty steel construction to meet hard environment, durable use
- Model 15, 223/556/308
- Major tactic experience, Mil Spec type
- Height: 2.05 IN; Width: 1.34 IN; Length: 0.19 IN; Weight: 0.7 OZ

AR .223/5.56/.308 Buffer Tube Receiver End Plate

ABTA05

- Carbon Steel Construction

Sniper® Accessories

Advanced Carbine Complete Comm Spec Butt-Stock

AAST02

AAST02-T, Tan

- Black
- Reduces metal on metal contact
- Constructed from Premium Quality Polymer
- With Sling Swivel
- Can Adapt to Either Rifle or Carbine Length Tubes

Advanced Carbine Complete Mil Spec Butt-Stock

AAST07

- Black
- Reduces metal on metal contact
- Constructed from Premium Quality Polymer
- With Sling Swivel
- Can Adapt to Either Rifle or Carbine Length Tubes

Advanced Carbine Complete Mil Spec Butt-Stock

AAST07-G

- Green
- Reduces metal on metal contact
- Constructed from Premium Quality Polymer
- With Sling Swivel
- Can Adapt to Either Rifle or Carbine Length Tubes

Buttstock Protective Cap

APCA01

- Black
- Durable Rubber Construction
- Tight Fit
- Fits our Sniper Buttstock AAST02, AAST07 and T6 or M4 style collapsible stocks

Buttstock Protective Cap

APCA02

- Black
- Durable Rubber Construction
- Tight Fit
- Fits Magpul MOE series and CRT series stocks

Advanced Carbine Complete Comm Spec Butt-Stock

AAST12-B, Black

AAST12-T, Tan

- Black or Tan
- Reduces metal on metal contact
- Constructed from Premium Quality Polymer
- With Sling Swivel
- Can Adapt to Either Rifle or Carbine Length Tubes

SNIPER®

Butt-Stock Shoulder Plates

AAST10

- Made of Zinc alloy
- Electrophoresis paint
- Fits AR buffer tube
- Only for rifles or short barrel rifles

AAST11

- Made of Zinc alloy
- Electrophoresis paint
- Fits A2 or .308 Buffer tube

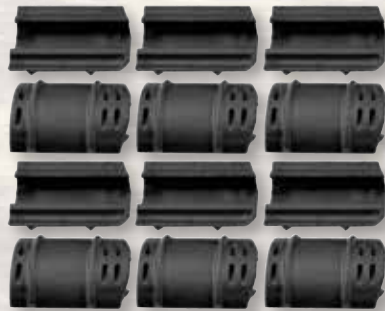

These work perfect with our Butt-Stock Protective Caps (APCA02)

Sniper® Accessories

Protective Caps for Picatinny/Weaver Rails, Set of 12 Caps

MARC1

- Modular small size individual protective caps can be mounted in multiple places and in multiple configurations.
- Economical
- Reusable
- Easy to Release

Protective Cover Strips for Keymod Rails, Set of 5 Strips

ASURC-B - Black

ASURC-G - Green

ASURC-T - Tan

- Low profile and lightweight
- Mount to KeyMod and most other industry standard, negative space, mounting systems
- Made of extremely heat resistant material
- Designed to combat sweat, grime, and grease to improve rifle contact points

A1 & A2 Front Iron Sight Post Adjustment Tool - 4 & 5 Prongs

FSTL01

- .223 Rifle Wrench
- Works on both A1 & A2 front sight posts - tool has 4 and 5 prongs
- Premium Steel Construction
- Anodized Black Matte

AR-15 Stock Combo Wrench Tool

ARTL02

- Steel construction
- 19.5cm x 5cm x 0.3cm 4 oz.

AR-15 Stock Combo Wrench Tool

ARTL03

- Steel construction
- 16cm x 4cm x 0.3cm 3.2 oz

AR Stock Handguard Splitter/Removal Tool

ARTL05

- All steel construction and hook is coated in a soft, pliable Plastic
- Non-slip rubber Finish.
- 15 x 4.2 x 2 inches ; 9.6 ounces

AR Delta Ring Suppressor Tool

ARTL06

- Construction: Steel Bar stock with Plastic Dip coating
- 10.6 x 2 x 2.6 inches
- 7 ounces

Reversible Lower Receiver Magazine Well Vice Block Tool

LVB

- For working on AR-15's
- Scratchproof, Solvent Resistant Polymer

AR-15 Low Profile Gas Block with Pin and Picatinny Rails, 0.75"

MLQGB

- Fits AR-15 0.75" Diam. Barrels
- 3 See-thru Picatinny Rails with 4 slots
- Black Matte Finish
- Machined in Aircraft Aluminum

Low Profile Gas Block

GB03

- Includes roll pin, screws & hex wrench
- Made from high quality steel.
- 1.45" x 0.98" x 1.03"
- 2.1 ounces
- Fits: .223 AR15

AR-15 Low Profile Gas Block, 0.75"

GB750

- Fits AR-15 0.75" Diam. Barrels
- Includes roll pin, screws & hex wrench

AR-10 Low Profile Gas Block, 0.936"

GB936

- Fits AR-10 0.936" Diam. Barrels
- Includes roll pin, screws & hex wrench

UVB

- Easy to use
- Constructed of Black Injection Molded Polymer.
- Fits Both Carry & Flattop Uppers.
- Length 3.4 in, Width 2.6 in, Height 4.6 in Weight 13.9 OZ

Sniper® Accessories

Cross Draw Tactical Multi Function Vest

ASVT02-T

- Made from strong 600X600 Polyester
- Zipped Wear for quick release
- Multiple pockets and attachments
- Heavy duty back loop system to carry additional gear/tools
- Fully adjustable in girth and length
- Durable rescue pull, mesh system helps release moisture and heat
- High quality zippers
- 4 deluxe adjustable rifle mag pouches
- 2 large internal zippered map/document pouches
- 3 bullet clip mag pouch

Presma® Hawk and Hawk 6 Series Precision Rifle Scopes

Optics that match with markets premium brands scope's performance... Clear and Sharp Image formation with all round coverage edge to edge image clarity.

Hawk 6 Series - 1-6X28

Hawk Series - 6-24X50

Red, Green, Blue tri-color illumination button on unique 45 degree tube surface so it won't interfere with ocular lens viewing. Easy to adjust and comes with last active color memory function.

Ocular Lens equipped with bubble level to help align scope mounting and aiming level. During the course of shooting, it confirms rifle is always in horizon level.

Pin Tumbler coil spring system design provides better shock absorbability and resistant. During shooting recoil, the reticle stays in place, making the Hawk durable and keeps the aim accurate.
